

Fender[®]
AMERICAN
Vintage
SERIES ●●●●●

Your new **American Vintage** instrument is designed to be an accurate reproduction of an iconic **Fender** instrument from the past. This includes a thin, nitrocellulose lacquer finish that has the feel and characteristics of those great old vintage instruments **Fender** is renowned for.

Possible “checking” or cracking and texture of the wood grain on this thin lacquer finish are the normal result of duplicating the original **Fender** finishes.

Please read the **Fender Lacquer Finishes: Precautions and Care** booklet included in your **Accessory Kit** for more information on the care and feeding of your **American Vintage** instrument.
